Dear Business Partner,

For a quarter of a century, the Greater Hartford Festival of Jazz at Bushnell Park has been a much-anticipated destination for people to come into Hartford, enjoy the lush greens of the park and unwind.

In recognition of **our 25th GHFJ Anniversary**, we are gearing up for what is going to be an outstanding three days of historic Jazz presentations. Last year's acts were of the highest quality, headlined by Monty Alexander, Nick Colionne, Masya, Dezron Douglas and Airmen of Note – and it also included locally-grown artists.

The festival, a signature summer event in Connecticut's capital city, attracted approximately 70,000 jazz enthusiasts from throughout the **country**. Hartford's Jazz Festival is on the 'must do' list right next to many other famous Jazz Festivals! As always, the festival is FREE and serves a culturally diverse, family-friendly audience.

We cannot do this without your support. I will be in contact within the next month to answer any questions you may have. We are looking forward to beginning or continuing our partnership with **your business** as the Greater Hartford Festival of Jazz prepares for its historic 25th Anniversary.

Thank you,

Charles Christie

Charles Christie
